

League Division Coordinators

The following is a list of League Division Coordinators who will be assisting the League Directors by:

- Receiving and reporting scores of all league and play-off games
- Compiling standings of all teams within their division
- Issuing play-off schedules and formats

As a Coach, it is **your responsibility** to:

- **Submit** your game results **within 24 hours** of the game being played (this is the responsibility of the winning team, or the home team in case of a tie)
- **New this year** – Game Results Reporting will be done through the league website, including electronic copies of the game sheet. You will need to **keep the white copy** of the game sheet until the end of the season in case it is needed. Instructions will be sent to all teams.
- For **playoff games** please ensure that Game Results are reported **immediately**.
- Familiarize yourself with the score sheet procedures as outlined in Ringette Calgary's Rules and Regulations (SECTION VI. GAME RESPONSIBILITIES)
- Be aware that your team may lose points for a winning game if these procedures are not followed.

Please feel free to discuss any situation regarding your division with either the Division Coordinator or the League Director. We welcome your input and ideas towards improving our sport.
